

KALĀHEO & WCC PRESENT **EARLY COLLEGE**

Open to CURRENT 10th/11th Graders

Interested in a HEALTH profession?

CHW 101: COMMUNITY HEALTH WORKER FUNDAMENTALS

Identifies the roles that Community Health Workers play in Hawai'i and the broader public health system and introduces the attitudes, skills and knowledge of the profession.

CHW 135: HEALTH PROMOTION & DISEASE PREVENTION

Explores the role Community Health Workers play in health promotion and disease prevention. Introduces the major causes of premature mortality and morbidity, behavioral and environmental contributions to illness and injury, and strategies for promoting health, wellness, and risk reduction. Provides opportunities to practice developing and teaching health promotion/disease prevention classes.

Interested in the ENVIRONMENT?

IS 201 : THE AHUPUA'A

Study of the traditional Hawaiian approaches to natural resource development, utilization, exploitation, and management. The ahupua'a, as the traditional Hawaiian unit of land and sea subdivision, beginning in the upland forests, stretching across lower elevations, past the shoreline to the edge of the reef, will be evaluated as a microcosm of integrated ecosystem and as a model for natural resource management and sustainability.

AQUA 201 : THE HAWAI'I FISHPOND

An introduction into the history, development, biology and ecology, management, restoration, and future of Hawaiian fishponds. This course will study traditional Hawaiian fishponds, merging traditional knowledge with the principles of modern Western science.
